

# Screenshots

The screenshot shows the AWS CloudFormation console with the 'Events' tab selected for the 'SampleWebServerCrossStack'. The left sidebar shows a list of stacks, including 'SampleWebServerCrossStack' and 'SampleNetworkCrossStack'. The main content area displays a table of events for the selected stack.

Timestamp	Logical ID	Status	Status reason
2022-02-26 11:42:29 UTC-0500	SampleWebServerCrossStack	CREATE_COMPLETE	-
2022-02-26 11:42:27 UTC-0500	WebServerInstance	CREATE_COMPLETE	-
2022-02-26 11:42:27 UTC-0500	WebServerInstance	CREATE_IN_PROGRESS	Received SUCCESS signal with UniqueId i-0b9004a2a9532f047
2022-02-26 11:41:14 UTC-0500	WebServerInstance	CREATE_IN_PROGRESS	Resource creation initiated
2022-02-26 11:41:11 UTC-0500	WebServerInstance	CREATE_IN_PROGRESS	-
2022-02-26 11:41:06 UTC-0500	SampleWebServerCrossStack	CREATE_IN_PROGRESS	User Initiated

The screenshot shows the AWS CloudFormation console with the 'Outputs' tab selected for the 'SampleWebServerCrossStack'. The left sidebar shows a list of stacks, including 'SampleWebServerCrossStack' and 'SampleNetworkCrossStack'. The main content area displays a table of outputs for the selected stack.

Key	Value	Description	Export name
PrivateIPv4	10.0.0.80	Private IPv4 of the WebServer instance	-
URL	http://ec2-54-205-159-67.compute-1.amazonaws.com	URL of the sample website	-

**Congratulations, Damien Coulibaly, you have successfully launched the AWS CloudFormation sample.**
